Sauget, IL 62201

Dear Mr. Smull:

This letter is in response to your request of April 17, 1984. The firm of Ecology and Environment Inc., has been retained by the U.S. Environmental Protection Agency under contract 68-01-6692 for the purpose of evaluating candidate sites for the National Priorities List under the Comprehensive Environmental Response Compensation and Liability Act, better known as Superfund. As part of the evaluation, the U.S. EPA has asked us to perform a site inspection of your facility. This is the reason for my request to visit your plant on May 3, 1984 at 9:00 A.M. This inspection date will be confirmed by telephone prior to the site visit. Enclosed, please find a copy of the site inspection report that we are required to fill out on each site, and a copy of the Letter of Introduction provided by the U.S. EPA to each of the Ecology and Environment employees.

I will not be able to attend the site inspection, but Paul Hess will lead the inspection in my absence. I have enclosed his Letter of Introduction as well as mine. Mr. Hess will be accompanied by one other Ecology and Environment employee, who will have his or her Letter of Introduction at the time of the site inspection.

If you need any further information, please call me or Paul Hess at (312) 663-9415.

Sincerely,

Daniel J. Cozza
